Dear Rebecca

Re: Application for East Cliff & Springbourne Neighbourhood Forum and Area Designations

Please see attached, Application form, Constitution, Mission statement, and Neighbourhood Forum Boundary Map.

The proposed neighbourhood area follows the East Cliff & Springbourne ward, minus an area to the north of the Wessex Way as this area is already included in the Queens Park and Charminster Neighbourhood Plan boundary. The whole of the East Cliff Conservation Area is also included in the proposed East Cliff & Springbourne neighbourhood area to reflect the support shown by residents in this area, following the first consultation undertaken between August – October 2024. The inclusion of the Conservation Area will ensure residents living here have the opportunity to be actively engaged with the development of the neighbourhood plan and are eligible to vote in a referendum.

The beachfront area beyond the southern boundary of the Conservation Area is included to ensure it is contiguous with the southern boundary of the East Cliff and Springbourne ward boundary, to reflect its tourist offer and help promote safety through design.

Kind Regards

Mark Elkins
